

Assembly Bill 540 (AB 540) is a state law that makes it easier for nonresident students to afford going to a public college or university in California. It allows eligible students to pay in-state tuition and fees and is also a gateway to meeting eligibility for some types of financial aid.

Undocumented immigrants, U.S. citizens, and Lawful Permanent Residents may be eligible for AB 540 if they meet the requirements outlined below. Individuals with nonimmigrant visas (excluding T- and U-Visa), such as international students or visitors to the U.S., among others, are not eligible.

Noncredit coursework gives students the ability to build their skills in a free no risk environment and can help students establish AB540 status, based on the requirements listed below.
