

The Pride Center Presents:

Drag: The Art and The Rebellion

Johnny Gentleman is a Latinx, trans-masc drag king veteran who broke boundaries in the name of the drag king, non-binary, and BIPOC communities in Los Angeles. He has been an activist for drag king and non-binary equality in the drag community. He has performed and produced at WeHo's. He has been featured in Vox.com, LA Times, and Spectrum News, and was the first drag king to perform an all indigenous drag lineup for LA PRIDE 2023. He started LA's first drag king brunch.

This interactive workshop will provide background information on the history and politics of drag, then provide attendees with a tutorial of how to do drag. Additionally, Johnny will perform a few songs and will encourage attendees to try performing drag.
